

NEAS BENEFITS YOUR SUPPLY CHAIN

Whether you are an individual customer, a large construction project or mining operation, a military contractor, or working on a special project under a local economic impact benefits agreement, NEAS offers real value to your supply chain. With NEAS as part of your bidding or project team, you will benefit and credit from the positive local impacts of NEAS and our sustainable development and commitment to environment and oceans. Arrange a meeting to learn how the NEAS team can benefit your projects and operations.

SUSTAINABLE DEVELOPMENT

SUSTAINABLE DEVELOPMENT

- NEAS meets and exceeds all environmental protection obligations, including all relevant provisions under local and international laws and regulations.
- NEAS commitment to the environment extends well beyond compliance at an operational level.
- NEAS is a leader in advocacy for enhanced marine infrastructure in remote arctic communities to improve safety, security and to mitigate and reduce environmental risk and enhance local response capacity.
- For NEAS, sustainable development bridges environmental compliance with social and economic development and enhancements in the quality of life for the communities we serve.
